Board of Directors' meeting October 16, 2002

MOVED THAT the Greater Sudbury Chamber of Commerce adopt the following position:

There is no doubt that all parties understand the harmful effects of tobacco smoke in any environment. As well, the chamber of commerce cannot argue with the obvious health risks associated with smoking and second-hand smoke. Neither can we ignore the obvious impact the proposed by-law will have on certain businesses in the City of Greater Sudbury. Nevertheless, we urge City Council to adopt a smoke-free by-law without exception to create a level playing field for all businesses....**CARRIED.**
