

Media Briefing

Monday, March 3, 2008

Chamber, Cambrian, and Boréal provide opportunity for community to influence the future!

In the fall of 2005 Ontario's colleges, including Cambrian College and Collège Boréal, conducted consultations with employers, labour, politicians, educators, and citizens on training and education. Research tells us that by 2025, despite all our efforts to date, there will be a shortfall of more than 360,000 skilled employees in Ontario.

The Greater Sudbury Chamber of Commerce, Cambrian College, and Collège Boréal have joined forces to ask the business and industrial sectors to provide additional advice to Ontario's Colleges and to the government.

Date: Wednesday, March 5, 2008
Time: 3 p.m.
Location: Greater Sudbury Chamber of Commerce
40 Elm Street, Suite 1
Sudbury, ON

A member of the Greater Sudbury Chamber of Commerce will contact you to confirm your participation.
